Week: Integration Night: Choice, Consequence and the Modes **Primary:** Cycle 2 review (BG 18.63 center) — <https://vedabase.io/en/library/bg/18/63/> **Memory line:** Choose with all five lenses.

Minimum (before next Saturday)

1. Say the memory line once together.
2. Paraphrase the primary in one family sentence.
3. Do one related gratitude/service/attention act tied to this week's conclusion: Cycle 2 becomes one family practice: responsible choice, consequence awareness, mode supports — taught back without ranking.

Optional conversation cue

Essential question: Can we synthesize choice and modes?

Do not

- Rank families or children
- Diagnose others' karma/modes/destinations
- Invent doctrine beyond this week's sources

Week: Integration Night: Choice, Consequence and the Modes **Primary:** Cycle 2 review (BG 3.9 · 18.63 · 2.22 · 14.5 · 7.14) — <https://vedabase.io/en/library/bg/18/63/> **Session length:** 40 minutes (parallel track ~2:30–3:10) **Parents:** Remain onsite; reunite at 3:10 **Status:** Internal founding-cohort teaching material — human/temple review EXTERNAL_OPEN

Objective

Children practice a choice pause on a puppet rush problem, meet five simple lens pictures, and take home one tool card with the memory phrase.

Exact memory phrase

Choose with all five lenses.

Teacher background (2 minutes to review)

- **KUTUMBA teaching meaning (adult wording):** Choice, consequence, and the modes must form one coherent family practice — synthesis, not new doctrine overload.
- **Child-facing paraphrase:** When things feel rushed, we pause, remember Kṛṣṇa, and choose a helping next step. We use all five picture lenses.
- **Block misconceptions (child words):**
 - “Nothing can ever change.”
 - “We rank who is best.”
- **Do not:** invent deity dialogue; force confession; rank children; use scare tactics; claim temple certification stickers.

Materials

- Puppet
- Five lens picture cards
- Traffic-light pause cards
- Tool cards
- Crayons
- Soft toss object
- Calm-corner chair

Room setup

Circle on the floor; materials table behind you; calm corner with one chair for quiet reset. Keep aisles clear for movement.

Minute-by-minute executable plan

0–5 min — Opening and recall

1. Welcome by name; feet on floor.
2. Echo three times: *Choose / with / all five lenses.*
3. Show traffic-light: red pause, yellow remember, green help.
4. Say once: “We do not rank friends.”

5–13 min — Story script (paraphrase only; ~8 minutes)

Say exactly this spine (do not invent deity dialogue):

Sometimes a family feels rushed and grumpy before singing for Kṛṣṇa. Kṛṣṇa teaches us to think carefully and then choose a good next step. We can look with five helper pictures: what we did, what we can choose, what mood-weather we feel, what trick the mind tells, and how we take shelter of Kṛṣṇa. We do not say “nothing can change.” We pause and choose with Kṛṣṇa’s help.

Story boundaries: Paraphrase review themes only. No invented deity quotes. No scary karma talk. No ranking children.

13–16 min — Three wonder questions

1. What do we do at the red light? (Pause)

2. Who helps us choose? (Kṛṣṇa)

3. Do we rank friends? (No)

Accept one- or two-word answers. Affirm effort.

16–24 min — Movement game: Traffic-Light Five Lenses (steps)

1. Spread in open space.
2. Red card — freeze (pause).
3. Yellow — hand on heart + memory phrase.
4. Green — walk to helping mat.
5. Teacher flashes one lens card; children point to it.
6. Three rounds; end seated with phrase echo.

24–32 min — Craft: Five-lens tool wheel (steps)

1. Give a paper circle divided into five slices (pre-drawn).
2. Child colors each slice lightly.
3. Helper writes memory phrase in the center: **Choose with all five lenses.**
4. Attach one tool-card tab the child picks for home.
5. Practice pointing to each slice once.

Full printable steps also live in [activities/YOUNGER-ACTIVITY-PACK.md](#) (use together; this guide remains executable if the pack is missing).

32–35 min — Printable / coloring task

If time remains, color the younger line-art sheet if available. If short on time, keep the craft as the take-home.

35–38 min — Behavior redirects and quiet reset

Use calm, specific redirects:

- **Feet on floor** — “Feet visit the mat.”
- **Kind hands** — “Hands help; toys rest.”
- **Loud shout** — “Soft voice, please.”
- **Quiet reset** — “Calm corner for sixty seconds.”

38–40 min — Cleanup and parent handoff

1. Materials away; craft in hand.
2. At reunification, tell parent in one sentence:

Memory phrase: “Choose with all five lenses..” Home cue: Continue one selected Cycle 2 method during the off week.

1. Do not report private behavior struggles in front of other families.

Behavior redirects (quick reference)

Signal	Teacher line	Child action
Running	Walking feet.	Walk to mat
Snatching	Kind hands.	Hands to lap
Interrupt shout	Soft voice.	Whisper retry
Shutdown	Quiet reset is okay.	Calm corner 60 sec

Backup low-prep (if craft fails or energy crashes)

1. Soft toss circle.
2. Catch, say "Pause" or "Choose with Kṛṣṇa," toss on.
3. End with three memory-phrase echoes.

What success looks like

- Echoes memory phrase
- Can pause at red card
- Says we do not rank friends

Boundaries

- Snack/water only happens in main schedule (3:30), not as a track bribe.
- No weekly meal language.
- No fabricated approval stickers implying temple certification.

Objective

Students map five Cycle 2 verses to five lenses, analyze a fictional case without fatalism or ranking, and select one continuing method plus one environmental change.

Exact memory phrase

Knowledge should lead to thoughtful, responsible choice under Kṛṣṇa's guidance.

Short echo: Choose with all five lenses.

Teacher background

- **KUTUMBA teaching meaning:** Choice, consequence, and the modes must form one coherent family practice — synthesis, not new doctrine overload. (Label as KUTUMBA teaching meaning — not as BBT translation.)
- **Supporting frames (one sentence each):** BG 3.9 action; BG 18.63 choice; BG 2.22 consequence; BG 14.5 modes; BG 7.14 shelter.
- **Block:** Ranking families on “who applied Cycle 2 better.”; New doctrine overload / fatalism that denies responsible choice.
- **Scope:** No Cycle 3 God-identity teaching beyond title preview; no initiation debates.

Materials

- Verse-lens matching strips
- Worksheets
- Scenario cards
- Five-lens diagram sheet
- Pencils; timer; answer key
- Project half-sheets

Minute-by-minute plan

0–5 min — Settle and hook

1. Welcome; feet on floor.
2. Hook: “If someone says ‘it’s karma, nothing can change,’ which verse pushes back — and how?”
3. Essential question: Can we synthesize choice and modes?

5–14 min — Primary text observation

1. Display review_iast_line; read once.
2. Students match each BG reference to a lens.
3. Underline vimṛśya / yathecchasi / tathā kuru on BG 18.63 strip.
4. Paraphrase only; no invented dialogue.

14–22 min — Worksheet questions

Students complete Section A of the older activity pack. Teacher circulates; use **OLDER-ANSWER-KEY.md** for expected directions (not for grading ranks).

22–28 min — Scenario cards (small groups)

Card A — Friday rush/fatalism **Card B — Mode insult** **Card C — Boundary without shelter** For each: missing lens, corrected response, what not to say.

Share one insight per group (60 seconds).

28–33 min — Puzzle / game: Lens or Leak

1. Teacher reads a claim.
2. Teams show **L** (uses a true lens) or **K** (leak: fatalism/rank/insult/willpower-only).
3. Three rounds; explain one L with a verse.
4. No mocking.

33–37 min — Diagram / map task

Complete five-lens diagram for one fictional case. Circle the shelter cue. Write short echo.

37–40 min — Project sentence + handoff

Boundaries

- No ranking or public scores.
- No invented dialogue.
- Parents onsite; snack/water only at 3:30 in the main schedule.

Welcome. Today is C2-W6 — Integration Night: Choice, Consequence and the Modes. Essential question: Can we synthesize choice and modes? Tonight is review synthesis. We revisit BG 3.9, 18.63, 2.22, 14.5, and 7.14 — no new doctrine overload. Memory line: Knowledge should lead to thoughtful, responsible choice under Kṛṣṇa's guidance. Children echo: Choose with all five lenses. We will practice the Five-Lens Family Case Lab, reunite, and choose one Cycle 2 method to continue in the off week. We do not rank families. Parents remain onsite. Snack and water only — no weekly meal.

Extended 10–20 minute speaking SCRIPT (shared opening / parent circle)

Use this as the facilitator spine between 2:10 and 2:28. Adjust pace; do not invent quotations.

[0–2 min — Hook] A family has a recurring Friday problem. Everyone arrives late. One adult blames traffic; children blame hunger; another voice says, “This is our karma; nothing can change.” Devices stay on; no one prepared food; irritation spreads before kīrtana. Hold the picture without shaming anyone in the room. Ask: Which lenses are missing — action, choice, modes, false promise, or shelter?

[2–6 min — Review chain map] Walk the five verses as a single family practice, not five new lectures:

- BG 3.9 — Is the action shaped toward Viṣṇu or toward binding self-interest?
- BG 18.63 — Have we deliberated, or are we reacting on autopilot / fatalism?
- BG 2.22 — Do we remember the soul’s journey so consequences matter without despair?
- BG 14.5 — What mode-weather is coloring the room (rush, fog, clarity)?
- BG 7.14 — What shelter crosses the false promise of “nothing can change” or “willpower alone”?

State clearly: tonight is synthesis. Do not invent new doctrine. Do not dump Cycle 3 ontology.

[6–10 min — Five-lens method] Teach the five lenses on the board: (1) Action, (2) Choice, (3) Modes/conditioning, (4) False promise, (5) Devotional shelter. A complete family response names all five. Missing a lens creates distortion: blame-only, fatalism, mode-label insults, or white-knuckle force without shelter.

[10–14 min — Analogy + scriptural arc] Use the “five camera angles on one scene” analogy with its limit. Briefly paraphrase the review meanings already taught earlier in Cycle 2. No invented dialogue. No full purport dumps.

[14–18 min — Constructed case] Read Constructed Case 1 (Friday rush / fatalism). Ask the room to fill each lens in one short phrase. Affirm effort; correct fatalism kindly: BG 18.63 invites deliberation and choice under guidance.

[18–20 min — Lab preview + transition] Preview Five-Lens Family Case Lab. At 2:28: parents stay in parent circle; younger and older tracks; reunite at 3:10. Parents remain onsite.

Core explanation (facilitator must say)

Cycle 2 taught action and sacrifice (BG 3.9), responsible choice after hearing (BG 18.63), the soul's changing of bodies (BG 2.22), bondage by the three modes (BG 14.5), and crossing māyā by surrender (BG 7.14). Integration Night weaves these into one coherent family practice: analyze without blame, choose without fatalism, and pair boundaries with shelter. This is synthesis — not ranking families and not opening a new doctrine track.

Conclusion line: Knowledge should lead to thoughtful, responsible choice under Kṛṣṇa's guidance — choose with all five lenses.

Common errors to block:

1. Ranking families on “who applied Cycle 2 better.”
2. New doctrine overload / fatalism that denies responsible choice.

Analogies / examples with limits (teach inline)

1) Five camera angles on one scene

- **Say:** One family conflict is like one scene filmed by five cameras. Action, choice, modes, false promise, and shelter each show part of the truth. Using only one camera creates a distorted movie — blame, despair, or fake toughness.
- **Limit:** Pedagogy only — not a verse quotation. Do not film or expose real family fights.
- **Younger:** Five picture cards for one puppet problem.
- **Older/adult:** Name which lens was missing in a sample sentence.

2) Toolbox, not trophy shelf

- **Say:** Cycle 2 methods are tools for the off week, not trophies for display. Families pick one tool to keep using — before—during—after, choice pause, bedtime remembrance, clarity reset, or boundary plus shelter.
- **Limit:** Do not shame families who pick the smallest tool.
- **Younger:** Choose one tool card to take home.
- **Older/adult:** Write why your tool fits your real schedule.

3) Rudder after the map

- **Say:** Hearing is the map (knowledge). BG 18.63 is the rudder: deliberate, then steer. Modes are wind and current. Shelter is the harbor light. A map without a rudder is decoration; a rudder without a map is thrashing.
- **Limit:** Analogy is pedagogy; return to the five verses.
- **Younger:** Steer left to helping choice; steer right only after pause.
- **Older/adult:** Where do we have map without rudder at home?

Scriptural examples (paraphrase only; no invented dialogue)

Example A — Deliberate then choose (BG 18.63)

After explaining confidential knowledge, the Lord tells Arjuna to deliberate fully and then act as he chooses — modeling responsible agency under guidance. **Teaching use:** Blocks fatalism and blocks reckless whim.

Limitation: Review paraphrase only; no invented battlefield dialogue.

Example B — Yajña-shaped action (BG 3.9)

Action performed as sacrifice for Viṣṇu frees; other work binds the world in karma. **Teaching use:** Action lens for family redesign plans. **Limitation:** Do not reopen full fruitive-vs-devotional debate beyond Cycle 2 scope.

Example C — Modes and crossing (BG 14.5 + 7.14)

The living entity is bound by sattva, rajas, and tamas; the Lord's mode-composed māyā is hard to overcome, yet surrender crosses it. **Teaching use:** Pairs conditioning diagnosis with shelter, not insults.

Limitation: No permanent mode labels for people.

Historical / devotional examples (traceable, paraphrase)

Integration as responsible choice (classroom paraphrase of the Gītā's closing invitation in BG 18.63):

After receiving knowledge, the devotee is not frozen by fate-language nor licensed for ego whim — deliberation and guided choice remain part of bhakti culture. **Use:** Centers Integration Night without new doctrine. **Limitation:** Point learners to the five VedaBase URLs for personal study; invent no lecture anecdotes about cohort families.

Three constructed household cases (week-specific)

Constructed case 1 — Friday rush and fatalism

- **Situation:** A fictional family arrives late every Friday. One adult says traffic is destiny; another scrolls while children melt down; kīrtana starts already irritated.
- **Tempting mistaken conclusion:** “Nothing can change — it's karma,” or ranking the “spiritual” spouse against the “messy” one.
- **Relevant principle / source:** BG 18.63 deliberation/choice; BG 3.9 action; BG 14.5 modes; BG 7.14 shelter.
- **Compassionate response:** Name all five lenses kindly. Reject fatalism. Pick one environmental change (earlier snack prep; phones in a basket) plus one shelter cue.
- **Family action:** Write one continuing Cycle 2 method for the off week and one measurable environment change.
- **What not to say:** “Your family failed Cycle 2.” Public ranking. Diagnosing past lives.
- **Age adaptation:** Younger — puppet rush + traffic-light pause. Older — fill five-lens sheet.

Constructed case 2 — Mode insult as spirituality

- **Situation:** After a conflict, a parent calls a child “tamasic” as a permanent identity and claims this is Gītā wisdom.
- **Tempting mistaken conclusion:** Mode words are fixed labels that excuse contempt.
- **Relevant principle / source:** BG 14.5 describes binding modes; Cycle 2 blocked permanent insults; BG 18.63 invites better choice.
- **Compassionate response:** Correct firmly: modes describe conditioning weather, not a child's permanent worth. Repair; choose a clarity-reset tool.

- **Family action:** Family correction card: “Modes ≠ insults.” Practice one respectful redo.
- **What not to say:** Repeating the insult “as teaching.” Comparing children.
- **Age adaptation:** Younger — mode-weather matching without naming kids. Older — rewrite insult into weather + choice.

Constructed case 3 — Boundary without shelter

- **Situation:** A family sets a strict device rule after C2-W5 but refuses japa, verse card, or devotee check-in — “we’ll force it.” Relapse brings shame spirals.
- **Tempting mistaken conclusion:** Willpower alone completes Cycle 2; shelter is optional.
- **Relevant principle / source:** BG 7.14 surrender/shelter; five-lens method requires shelter lens.
- **Compassionate response:** Affirm the boundary; add a tiny shelter. Shame is not a lens.
- **Family action:** Pair the continuing method with one shelter cue written on the fridge.
- **What not to say:** “Fake devotees need force.” Ranking screen-time publicly.
- **Age adaptation:** Younger — boundary card + heart-shelter card. Older — write false promise → boundary → shelter.

Discovery questions

1. Which Cycle 2 verse pairs with each of the five lenses?
2. In the Friday-rush picture, what can still be changed tonight?
3. Which word feels sharpest: deliberate, choose, modes, or shelter?

Understanding questions

1. State tonight’s conclusion in one sentence (synthesis, not new doctrine).
2. Name the five review scriptures and what lens each primarily serves.
3. What three misconceptions does Integration Night block?

Application questions

1. Which one Cycle 2 method will we continue in the off week?
2. What one environmental change supports it?
3. What is the minimum version on a tired day?

Likely adult questions + source-based answers

Question	Direction
Is tonight teaching new theology?	No. Review synthesis of BG 3.9, 18.63, 2.22, 14.5, and 7.14 only.
Does “karma” mean we cannot change habits?	No. BG 18.63 invites deliberation and choice; fatalism is blocked.

Question	Direction
Should we rank which family “got” Cycle 2?	Never. No family ranking; private practice only.
Can we start Cycle 3 God-identity now?	Title preview only for C3-W1. Do not overload tonight.
What if we only remember one lens?	Start there, then add missing lenses across the week — progress, not performance.
What about initiation or advanced mode-tattva?	Out of scope. Keep five-lens family practice.

Common misconceptions

- Ranking families on Cycle 2 application.
- New doctrine overload on Integration Night.
- Fatalism: “karma means nothing can change.”
- Using mode words as permanent insults.
- Boundary without shelter / willpower-alone completion.

What not to speculate about

- Invented deity dialogue or private purport claims.
- Past-life diagnoses for anyone in the room.
- Guarantees of advancement or certification.
- Claims that psychology measured the modes or māyā.
- Graphic shame stories about real cohort families.

Do not claim

- Human, temple, or publication approval for this guide.
- BBT ownership of KUTUMBA teaching meanings.
- That science proves the five-lens method or BG 18.63.
- That Gamma decks are rendered or approved (prompts only).

Level	Practice
Minimum	Continue one selected Cycle 2 method during the off week.
Standard	Method + one environmental support + memory phrase once daily.
Stretch	Once, walk a low-risk decision through all five lenses privately.
Evidence	Private reflection only: Which lens was hardest to remember — and what helped?

Next-week preview

C3-W1 — Who Is God? The Supreme Enjoyer, Proprietor and Friend (BG 5.29). Name the title only. Do not teach Cycle 3 ontology tonight.

Parent-track facilitation notes (2:30–3:10)

1. Five-lens card on the table; practice once on a fictional case.
2. Reread BG 18.63 teaching meaning as the choice center.
3. Block fatalism and ranking language explicitly.
4. Choose continuing method + environment change before reunification.
5. Saṅkalpa sentence draft for 3:10.

Younger-track pointer

Execute `teacher/YOUNGER-TEACHER-GUIDE.md` with `activities/YOUNGER-ACTIVITY-PACK.md` — puppet rush case, five picture lenses, one tool card home. Memory phrase: **Choose with all five lenses.**

Older-track pointer

Execute `teacher/OLDER-TEACHER-GUIDE.md` with `activities/OLDER-ACTIVITY-PACK.md` and `OLDER-ANSWER-KEY.md` — five-lens worksheets, misconception rewrite, method selection.

Materials checklist

- Five-lens card sets (Action, Choice, Modes, False promise, Shelter)
- Printed review verse strips for BG 3.9 · 18.63 · 2.22 · 14.5 · 7.14
- Friday-rush case sheets (fictional)
- Younger puppet / traffic-light cards
- Older worksheets + answer key (teacher only)

- Tool cards for Cycle 2 methods
- Snack + water supplies (no weekly meal setup)
- Privacy reminder slip for facilitators

Closing script (3:55)

Thank you. Knowledge should lead to thoughtful, responsible choice under Kṛṣṇa's guidance. Choose with all five lenses. Continue one Cycle 2 method in the off week. Next we meet for C3-W1 — Who Is God? Go gently; we do not rank one another.

Facilitator self-check (night after)

- Did I keep tonight as review synthesis (no new doctrine dump)?
- Did I block ranking, overload, and fatalism?
- Did I teach all five lenses with the five verses?
- Did I keep snack/water only and parents onsite?
- Did I label KUTUMBA teaching meanings correctly?
- Did I avoid false approval claims?

Misconceptions and no-speculation boundaries

- Do not invent dialogue for scriptural persons.
- Do not diagnose private karma in the room.
- Do not claim temple/BBT/human approval that has not been given.

V13 activity wiring (do not replace with “see research”)

Younger printables: [activities/v13-younger/](#) (Y01-REVIEW-GAME-STATIONS, Y02-LENS-MATCHING, Y03-TEACH-BACK-CRAFT, Y04-CHEER-CARDS, Y05-MEMORY-PHRASE-MAT) Older printables: [activities/v13-older/](#) (O01-CYCLE2-RETRIEVAL, O02-CHOICE-MODES-BOARD, O03-MISCONCEPTION-CLINIC, O04-TEACH-BACK-SCENARIOS, O05-INTEGRATION-DIAGRAM, O06-EXIT-TICKET) Parent printables: [activities/v13-parent/](#) (P01-PRIVATE-REFLECTION, P02-TEACH-BACK-CARD-SORT, P03-SUBSTANTIAL-FAMILY-CASE, P04-HOUSEHOLD-OPERATING-APPLICATION, P05-PRIVATE-NEXT-STEP-SANKALPA) Project: [project/V13-MODULE-PROJECT-BRIEF.md](#) Deferral line: “I don’t want to guess. I will verify that from Śrīla Prabhupāda’s books / our source packet and come back to you.”

Memory line: Choose with all five lenses. **Misconception to block:** Integration means new advanced doctrine; ranking families by presentation polish. **Care boundary:** Retrieval/presentation focus; no major new doctrine; noncompetitive teach-back.

Integration rule: No major new doctrine — retrieval, teach-back, and presentation focus.
