1. Welcome

KUTUMBA is a family-oriented Krishna consciousness formation program. Cycle 1 serves four founding families on Saturday **2:00–4:00 PM**. Parents remain onsite for the entire window. This is **not** a drop-off childcare program, not a substitute temple, and not an initiation or certification pathway.

We gather to protect weekly hearing, practice a small home rhythm, and grow respectful spiritual friendship. We end on time so families can leave peacefully.

2. What KUTUMBA is / is not

KUTUMBA is	KUTUMBA is not
Protected weekly hearing + home practice	Social club only
Parent-onsite shared learning	Drop-off or babysitting
Respectful spiritual friendship	Ranking or public sādhana scoring
Voluntary family commitment	Initiation eligibility track
Age-banded teaching with reunification	Adult lecture while children are unmanaged
Source-checked teaching packets	Speculative theology inventing

3. First six-month map

- Cycle 1 — Identity foundations** (six Saturdays): KUTUMBA purpose; body and self; nature of the soul; human opportunity; temporary vs lasting fulfillment; integration night.
- Cycle 2 — Karma and the modes**: action, responsibility, and material nature (after C1 readiness).
- Cycle 3 — Bhakti**: Kṛṣṇa, guru-sādhū-śāstra, holy name, nine processes.

If Cycle 1 understanding is weak, we **review or extend C1** before starting C2. Speed is not success.

4. Saturday schedule (locked)

Time	Block
1:50–2:00	Arrival / settle

Time	Block
2:00–2:10	Opening mantras / short kīrtana
2:10–2:30	Shared family opening / Prem-kī-Kathā
2:30–3:10	Parallel parent + younger (K–2) + older (Grades 4–5)
3:10–3:30	Family reunification / bhakti lab
3:30–3:40	Child snack + water (**no weekly meal**)
3:40–3:55	Saṅkalpa / project / questions / next week
3:55–4:00	Closing
4:00	End on time

5. Cycle rhythm: six weeks, off week, Utsava

- Six active Saturdays (see [launch/C1-SATURDAY-CALENDAR.md](#)).
- One protected off week for rest and home continuity.
- C1 Utsava / showcase candidate (calendar lists Oct 31, 2026 as candidate only — not confirmed festival).
- Presentations are **non-competitive**. Drawing-only options are allowed.

6. Expectations of participating families

1. Protect the Saturday calendar; communicate absences early.
2. Attempt a 5–15 minute home practice; minimum versions count as success.
3. Keep parents/caregivers onsite during the session.
4. Respect host-home property and common-area rules.
5. Follow child house rules; support the correction ladder without public shame.
6. Avoid gossip, comparison, and publishing private family/child data.
7. Bring questions privately when needed; do not demand speculative answers.

7. Home practice

Usually **5–15 minutes**. A typical week includes:

- memory phrase;
- one verse paraphrase (not a long purport dump);

- one gratitude or service act;
- optional project layer (keep burden low).

If the week is hard: do the **minimum version** written on your saṅkalpa card.

8. Family project — Who Am I, and How Should Our Family Live?

Each week adds a small layer. Week 6 is integration night: ~10 minutes per family to share understanding and application. Rubric dimensions: understanding, application, teamwork, source accuracy. **No ranking.**

9. Rules and correction

See [launch/CHILD-HOUSE-RULES.md](#) and [launch/FAMILY-COVENANT.md](#).

Correction ladder: reminder → redirect → quiet reset → parent involvement → sit out an activity → private conversation. Never yell, shame, force chanting, or compare children.

10. Feedback and privacy

Use the private feedback route named by the owner. Do not post real child names, photos, medical details, or sādhanā scores in shared chats or public repos. Photography/recording is off by default unless explicit host/owner policy says otherwise for a specific moment.

11. Reasonable six-month destination

By the end of the first six months, a reasonable destination is:

- stronger shared vocabulary;
- clearer identity foundations;
- a small sustainable home rhythm;
- age-appropriate explanation of key ideas;
- more respectful speech about bodies and others;
- warmer temple connection where available.

We do **not** promise certification, initiation eligibility, guaranteed advancement, or publication readiness.

12. FAQ

Must both parents attend every week? Aim for whole-family participation. Communicate constraints privately; do not invent attendance penalties.

What if we miss a Saturday? Tell the owner; receive the home-practice card; no public penalty.

Are Gamma slide decks required? No. Production prompts exist; decks are **not rendered** and **not approved**.

Can teachers answer every hard question on the spot? No. The no-speculation rule requires verifying from Śrīla Prabhupāda's books / the source packet.

Is snack a meal? No. Snack + water only; no weekly meal program.

Will my family be ranked? No.

Closing line for families

We protect hearing together, practice a little at home, and grow without comparison.

Family Covenant Summary

Canonical source: launch/FAMILY-COVENANT.md • SHA-256: 21ddaa010c3f2125fa4cd0efa012a9095606edb443a2eabdc8621c64ee8affa6

Scope: Cycle 1 founding cohort — voluntary program commitment **Not:** a legal contract, employment agreement, or temple membership instrument **Privacy:** Do not commit completed signed copies or real family names to Git

Purpose

This covenant helps four founding families and facilitators share clear expectations for Saturday 2:00–4:00 PM KUTUMBA sessions so that hearing, practice, and mutual respect can grow safely.

What KUTUMBA is / is not

Is	Is not
Family sādhana and formation community	Social club or drop-off childcare
Protected weekly hearing + home practice	Substitute for the temple
Parent-onsite shared learning	Initiation pathway or certification program
Respectful spiritual friendship	Gossip, ranking, or public sādhana scoring

Family commitments

By joining Cycle 1, each founding family agrees to:

1. **Protect Saturday 2:00–4:00 PM** as a real calendar commitment.
2. **Aim for whole-family participation** (parents onsite with children).
3. **Communicate absence or lateness** before the session when possible.
4. **Arrive ready to begin** rather than expect a full restart for late arrivals.
5. **Attempt the minimum home practice** each week (usually 5–15 minutes).
6. **Respect host property** and common house rules during the program.
7. **Follow child house rules** and support facilitator redirection.
8. **Avoid gossip, comparison, and public humiliation.**
9. **Give respectful private feedback** rather than side conversations.
10. **Retain primary responsibility** for their own children.
11. **Keep private information private** (no public child ranking; no photography/recording by default without agreement).

12. **Pause or leave respectfully** if the program is not a fit.

Attendance philosophy

Attendance is not a measure of spiritual worth. Unavoidable absence with communication is normal. Repeated patterns of lateness, absence, or non-participation lead to a private support conversation — not a public leaderboard.

Facilitator correction authority

During KUTUMBA time, facilitators may calmly redirect behavior for safety, respect, and learning. Parents remain primary caregivers and support redirection. Host property and safety rules also apply.

Feedback route (private)

Use the template questions: What helped? What confused you? What should we adjust? Any safety/comfort concern? Are you able to commit to the next cycle?

Pause / exit

A family may pause or withdraw with dignity. No public explanation is required. Remaining families continue without commentary.

0–5 — One-year spiritual-home reflection

Printable: P01

Prompt (read aloud):

One year from now, what do I hope our home feels like spiritually?

Instructions:

1. Private writing — 4 minutes.
2. No forced sharing.
3. If someone finishes early, they may underline one word they want to protect this year.

Facilitator note: Warm presence; do not collect sheets into Git or a public folder.

5–10 — ŚB 1.2.18

Source: <https://vedabase.io/en/library/sb/1/2/18/>

IAST: naṣṭa-prāyeṣv abhadreṣu nityaṁ bhāgavata-sevayā / bhagavatya uttama-śloke bhaktir bhavati naiṣṭhikī

KUTUMBA teaching meaning (not a BBT translation): When we regularly hear and serve the Bhāgavata (book and devotee association), troubles in the heart are cleared and steady devotion to the Lord becomes established.

Say in plain language:

- **nityaṁ** = regular / steady rhythm;
- book Bhāgavata and devotee association support each other;
- Saturday attendance is useful; home practice helps attendance become transformative;
- do not claim weekly attendance alone equals transformation;
- no long purport lecture.

Memory line for adults:

Regular hearing and service cleanse the heart and make devotion steady.

10–18 — Six-purpose card sort

Printable: P02

Six purpose cards:

1. Home chanting / hearing
2. Temple service / association
3. Respectful family correction
4. Festival participation
5. Study readiness / source discipline
6. Family cooperation / service

Steps:

1. Lay out the six purpose cards.
2. Families match example cards to purposes.
3. Each household writes one “our example” on a blank line for the purpose that feels most needed.

Keep tone practical, not competitive.

18–28 — Two-family case study

Printable: P03

Family A: Attends every Saturday, enjoys the group, but does nothing together at home. **Family B:** Reads/chants at home but gradually stops joining temple/devotee association because “home practice is enough.”

Ask:

1. What is healthy in each family?
2. What is missing?
3. What is one nonjudgmental repair?
4. How can KUTUMBA support rather than replace temple life?

Suggested balanced answer (presenter only):

- A has association/rhythm but lacks home watering of the garden.
- B has private practice but risks isolation from devotee association and service.
- Repair is rebalancing — not shaming: protect Saturday *and* a tiny home practice; keep temple/association as friendship and service, not optional “extra.”

28–35 — Family operating agreement

Printable: P04

Each household writes:

1. one support we need;
2. one contribution we can reliably make;
3. one Saturday-protection habit;
4. one host-home behavior we commit to.

Private; no ranking; no public reading required.

35–40 — First saṅkalpa

Printable: P05

Formula: **specific action + frequency + trigger + minimum version**

Example (may read aloud):

After dinner on Tuesday and Thursday, we will sit for five minutes, offer one prayer, chant three mahā-mantras, and each say one appreciation. On a hard day, minimum version is one prayer and one mahā-mantra.

Rules:

- Keep private.
- No photo proof.
- No leaderboard.
- Minimum version counts as success.

Track close → reunification

At ~3:08:

*Thank you. Please bring one **group-level** observation to the reunification circle — not private family commitments. We reunite at 3:10.*

Parent share line (optional model):

“Steady hearing needs both Saturday and a small home practice.”

Privacy / rights

- No public sādhana scoring.
- Blank covenant acknowledgement only in shared packets; completed forms stay private.
- Scripture text from VedaBase display; KUTUMBA teaching meaning original.
- Human/temple approvals remain EXTERNAL_OPEN.

Week: What Is KUTUMBA and Why Are We Here? **Primary:** ŚB 1.2.18 —

<https://vedabase.io/en/library/sb/1/2/18/> **Session length:** 40 minutes **Track window:** Saturday **2:30–3:10**

Parents: Remain onsite; reunite at **3:10** **Status:** Internal founding-cohort teaching material —
human/temple review EXTERNAL_OPEN

Objective

Children practice four family habits — **HEAR • CHANT • SERVE • RESPECT** — plant a Bhakti Garden flower, and take home a memory badge. They can say the child-facing memory phrase aloud.

Exact memory phrase (child-facing)

Our family helps one another remember Kṛṣṇa.

Teacher background (2 minutes to review)

- **KUTUMBA teaching meaning (adult wording):** When we regularly hear and serve the Bhāgavata (book and devotee association), troubles in the heart are cleared and steady devotion to the Lord becomes established.
- **Child-facing bridge:** When our family hears about Kṛṣṇa, says His names, helps with love, and uses kind words, we help one another remember Kṛṣṇa — like a garden that grows when we care for it again and again.
- **Block misconceptions (child words):**
 - “Coming on Saturday is enough; we can skip home.”
 - “Only big kids / only temple people hear.”
- **Do not:** invent sage dialogue; use fear; rank who “hears better”; claim science proves devotion; claim our room equals Naimiṣāraṇya.

Materials (print from [activities/v12_2-younger/](#))

Code	File	Prep
Y01	`Y01-FOUR-CORNERS-SIGNS.md`	Tape HEAR / CHANT / SERVE / RESPECT in four corners
Y02	`Y02-FOUR-CORNERS-SCENARIO-CARDS.md`	Cut 12 cards; keep answer key with teacher
Y03	`Y03-BHAKTI-GARDEN-CRAFT.md`	One garden sheet per child; crayons / stickers
Y04	`Y04-MEMORY-BADGE-BOOKMARK.md`	Card stock; scissors; hole punch; yarn; glue

Code	File	Prep
Y05	`Y05-HOUSE-RULE-PICTURE-SORT.md`	Optional backup / redirect practice; cut 8 cards + 2 mats

Also: name stickers; calm-corner chair visible to room; soft toss object (energy crash backup).

Room setup

Circle on the floor; Four Corners signs already taped; craft table behind you; aisles clear for walking to corners. Keep host-home paths safe.

Minute-by-minute executable plan (40 minutes)

0–3 min — Rules

1. Welcome by name; feet on floor; hands in lap.
2. Teach four house signals in child words:
 - **Safe body** — feet on the floor.
 - **Kind words** — soft voices.
 - **Freeze** — stop when the teacher says freeze.
 - **Ask first** — before touching what is not yours.
1. Point to the calm corner: “Quiet reset is okay; then we rejoin.”
2. Echo memory phrase once together: *Our family helps one another remember Kṛṣṇa.*

3–8 min — Story (source-grounded paraphrase only)

Say this spine (do not invent deity dialogue):

*Long ago, wise people gathered in a peaceful place to hear about the Lord and ask how to live well. They did not come only once and forget. They came ready to listen carefully. We are not those forest sages — but we can borrow their habit: set a protected time, hear together, say Kṛṣṇa’s names, help with love, and use kind words. Śrīmad-Bhāgavatam teaches that when we regularly hear and serve — the book and the friendship of devotees — the heart can become steadier in devotion to the Lord. A garden grows when someone cares for it again and again. One splash and then forgetting is not enough. Saturday hearing and a tiny home practice belong together. Our memory line: **Our family helps one another remember Kṛṣṇa.***

Story boundaries: Paraphrase from ŚB 1.1–1.2 assembly pattern and ŚB 1.2.18 themes only. No invented quotes. No fear. No claiming our room equals Naimiṣāraṇya.

8–15 min — Four Corners (Y01 + Y02)

1. Show the four corner signs from **Y01**: HEAR · CHANT · SERVE · RESPECT. Read each short line aloud.
2. Practice walk: “Everyone point to HEAR... now walk gently to HEAR... freeze... return to circle.”
3. Read scenario cards from **Y02** one at a time (use 6–8 cards if time is tight; keep the rest for extension).
4. Children walk to the matching corner. Affirm effort. Use the Y02 answer key quietly.

5. If two corners seem possible, honor the thinking, then guide to the best match.
6. End seated; echo memory phrase once.

15–27 min — Bhakti Garden craft (Y03)

1. Give each child **Y03** Bhakti Garden worksheet.
2. Teacher models: color the **center** first — *Our family helps one another remember Kṛṣṇa.*
3. Color four petals: **HEAR • CHANT • SERVE • RESPECT** (large crayon areas).
4. Bottom line: with a helper if needed, fill *This week our family will grow:* with one small idea (example: “chant three times after dinner”).
5. Optional sticker on one petal. Keep dignity; do not compare gardens.

27–33 min — Movement / memory echo

1. Children walk gently in a circle (or march in place).
2. Teacher says **Freeze!** — everyone stops.
3. Teacher starts: “Our family helps...” — children finish: “...one another remember Kṛṣṇa.”
4. Teacher says **Grow!** — children show four fingers: Hear, Chant, Serve, Respect (one per finger) then soft clap.
5. Three rounds. On round three, point to Y01 signs in order while children echo each word.
6. Sit. Optional 60-second calm if energy spikes (use **Y05** one-card redirect only if needed).

33–38 min — Memory badge / bookmark (Y04)

1. Give **Y04** badge cut-out: **WE HELP EACH OTHER REMEMBER KṚṢṆA.**
2. Children color; helpers cut/punch; add yarn.
3. Glue or place the four mini-icon labels (HEAR • CHANT • SERVE • RESPECT) on the back or bookmark strip.
4. Practice once: hold badge and say the memory phrase together.

38–40 min — Cleanup and reunification handoff

1. Crayons in bin; scraps in recycle; signs stay up until parents arrive if helpful.
2. Each child holds garden sheet (**Y03**) and badge (**Y04**).
3. At **3:10** reunification, child-facing share line:

Our family helps one another remember Kṛṣṇa.

1. Parent handoff (one sentence, Saturday afternoon / at-home language):

Memory phrase: “Our family helps one another remember Kṛṣṇa.” At home after dinner dishes, say it once and notice one petal: Hear, Chant, Serve, or Respect.

1. Do not report private behavior struggles in front of other families.

Behavior redirects (quick reference)

Signal	Teacher line	Child action
Running	"Freeze bodies — garden walk."	Freeze, then walk
Snatching	"Kind hands — ask first."	Hands to lap
Loud shout	"Soft garden voice."	Soft repeat
Shutdown	"Quiet reset is okay."	Calm corner 60 sec

Optional: sort one **Y05** card as a class redirect model (Safe / Needs a reset) — never shame the child who needed the reset.

Backup low-prep (if craft fails or energy crashes)

1. Sit in a circle with soft toss object.
2. Child catches, says one word: "hear," "chant," "serve," "respect," or "Kṛṣṇa," then tosses to next.
3. End with three echoes of: *Our family helps one another remember Kṛṣṇa.*

What success looks like

- Child can walk to at least two correct Four Corners.
- Child can echo (or finish) the memory phrase.
- Child takes home Y03 garden and/or Y04 badge.

Boundaries

- Snack/water only happens in main schedule (**3:30**), not as a track bribe.
- No weekly meal language.
- No fabricated approval stickers implying temple certification.
- Privacy: no forced confession of "we never practice at home."
- Use Saturday afternoon / at-home language for handoff (after dinner dishes), not evening-only wording.

Objective

Students observe **ŚB 1.2.18** with its complete KUTUMBA teaching meaning, sort what KUTUMBA **is / is not**, match the **six purposes** with examples, work scenarios with dignity, sketch a **Family Compass**, and close with an **exit ticket**.

Exact memory phrase

Regular hearing and service to Śrīmad-Bhāgavatam steadies our family's devotion.

Short echo: Hear + Practice steadies us.

Teacher background

- **Primary — complete KUTUMBA teaching meaning of ŚB 1.2.18:** When we regularly hear and serve the Bhāgavata (book and devotee association), troubles in the heart are cleared and steady devotion to the Lord becomes established. (Label as KUTUMBA teaching meaning — not as BBT translation.)
- **Supporting frames (one sentence each):** ŚB 1.2.17 — the Lord in the heart cleanses the faithful hearer; ŚB 1.2.19 — passion and ignorance can recede as hearing nourishes goodness; ŚB 1.1.4 — sages assemble to inquire about duty (pattern of protected hearing).
- **Block:** “Attendance alone equals growth” and “Alone is always holier than association.”
- **Scope:** Do not teach soul ontology (W2–W3) or rarity scare (W4) in this track.

O06	`O06-EXIT-TICKET.md`	One exit ticket per student

Also: pencils; timer; verse display (IAST + teaching meaning).

Minute-by-minute plan (40 minutes)

0–5 min — Open / rules

1. Welcome; feet on floor; devices away.
2. Hook: “Which is more true — ‘Coming on Saturday is enough’ or ‘Staying home alone is always safer’?” Hold both as incomplete.
3. State essential question: **Why are we committing as a family?**
4. Quick rules: kind speech; no ranking; honest questions welcome; check sources before inventing answers; freeze / pause cue if needed.
5. Read memory phrase once together.

5–12 min — Verse observation (O01)

1. Display ŚB 1.2.18; students open **O01**.
2. Read IAST aloud together once; teacher reads slowly or plays authorized audio if available.
3. Read the **complete** KUTUMBA teaching meaning aloud (do not shorten away book + association + steady devotion).
4. Students complete O01 fields:
 - repeated practice words I notice
 - what result is described?
 - why might “regular” matter?
 - one question for facilitator
1. Circulate; accept short answers; paraphrase only — no invented dialogue.
2. Optional bridge (one sentence): ŚB 1.2.17 — hearing with faith invites cleansing in the heart.

12–20 min — Is / Is Not sort (O02)

1. Lay out **KUTUMBA IS** and **KUTUMBA IS NOT** mats from **O02**.
2. Groups sort all 12 cards.
3. Check with the O02 answer key (teacher only during first attempt).
4. Ask one student: Why does “supports temple life” matter for ŚB 1.2.18?

20–28 min — Six-purpose challenge (O03)

1. Place six purpose cards from **O03** face up.
2. Teams match 12 example cards to the six purposes.
3. Check with O03 answer key.
4. Each student writes (on scrap or back of O05): one purpose their family most needs + one concrete example (no private confession required).

28–35 min — Scenario challenge (O04) + Family Compass (O05)

1. Assign each group one scenario from **O04** (rotate if time allows a second).
2. For the assigned scenario, write: What is good? What is missing? What should happen next? Which KUTUMBA principle applies?
3. Share one insight per group (45–60 seconds). Use O04 answer key for expected directions — not scores.
4. Hand **O05** Family Compass. Students label HEAR · PRACTICE · SERVE · ASSOCIATE and write one sentence under the direction they need most. Center prompt: *How should our family grow?*

35–40 min — Exit ticket (O06) + cleanup

1. Complete **O06** five prompts: KUTUMBA is... / is not... / one rule... / one family try... / one question...
2. Cleanup; stack O01–O06; bring compass and exit ticket to reunification if helpful.
3. At **3:10**, group share line (not private commitments): **one KUTUMBA purpose + one behavior that supports it.**
4. Parent handoff: Home practice after a family trigger (for example after dinner dishes) — say the memory phrase once; five minutes counts. Minimum before next Saturday: one prayer, three mahā-mantras, one appreciation, at least once.

Extension (if group finishes early)

Compare ŚB 1.2.19 (passion/ignorance receding through hearing) with the compass: roots (hear/practice) before flowers. Still no soul ontology dump.

Answer keys

Teacher-facing keys are inside **O02**, **O03**, and **O04**. Do not distribute keys to students during the first attempt.

Behavior and privacy

- Redirect side talk: “Return to your card sort — one card at a time.”
- No forced confession of real family attendance gaps.
- No ranking scores aloud.
- Parents onsite; snack/water belongs to main schedule (**3:30**), not track rewards framed as a meal.

10–20 minute speaking script (deliverable prose)

Facilitation note: Speak naturally. Pause for the 20-second pair share where indicated. Do not replace this with "see research."

Friends, welcome to Cycle 1, Week 1. Before we discuss techniques, schedules, or crafts, we start with why we are here at all.

KUTUMBA means we are choosing a protected weekly rhythm so our families can grow in Krishna consciousness together — without ranking children, without turning devotion into a contest, and without pretending that one Saturday can replace a life of practice.

Our essential question is: Why are we committing as a family?

Please open with me the primary verse for **this Saturday**: ŚB 1.2.18. The stable link is <https://vedabase.io/en/library/sb/1/2/18/>. I will not read a full purport into the room. I will give our KUTUMBA teaching meaning, which is an original paraphrase for classroom use:

"When we regularly hear and serve the Bhāgavata (book and devotee association), troubles in the heart are cleared and steady devotion to the Lord becomes established."

Say that back in your own words to the person beside you for twenty seconds.

Here is the conclusion I want every facilitator and parent to be able to repeat: Protected weekly hearing plus home practice creates a path for family growth.

Notice the two halves: protected weekly hearing *and* home practice. If we only attend, we become event tourists. If we only stay home and never associate, we lose the friendship that steadies hearing. ŚB 1.2.17–19 around our primary point the same direction: hearing cleanses, passion and ignorance can recede, and steady devotion can become established — always as śāstra teaching, never as a laboratory claim.

Let me make this concrete with a garden. A protected garden plot that is watered weekly grows roots even when flowers are not visible yet. That is pedagogy for regularity. The limit is important: watering does not guarantee a bloom on our preferred calendar. We refuse to promise spiritual fireworks.

Now a household picture. Imagine a family that never misses 2:00–4:00 and yet has zero weekday cue. The tempting conclusion is: "Attendance equals growth." We reject that. The compassionate response is gratitude for showing up, then one five-minute if-then plan after dinner.

We also refuse the opposite error: "Community is dangerous; alone is always holier." Hearing in association is part of Bhāgavata service. Awkwardness is not sin.

Finally, we refuse ranking. Comparing children's seriousness in the hallway is not leadership.

Supporting readings you may skim this week:

- ŚB 1.2.17 — <https://vedabase.io/en/library/sb/1/2/17/> — The Lord in the heart cleanses desire from the faithful hearer.
- ŚB 1.2.19 — <https://vedabase.io/en/library/sb/1/2/19/> — Passion and ignorance recede as goodness increases through hearing.
- ŚB 1.1.4 — <https://vedabase.io/en/library/sb/1/1/4/> — Sages assemble and inquire about duty — model of protected hearing community.

Devotional pattern: the Naimiṣāraṇya assembly shows sages gathering to inquire about duty (<https://vedabase.io/en/library/sb/1/1/>). We borrow the *pattern* of protected hearing — we do not claim our room equals that forest.

In a moment we will split into tracks. Parents stay to discuss cues and misconceptions. Younger and older friends practice the memory line with teachers. We reunite at 3:10 to hear one sentence per family: "This week we will..."

Memory line: Regular hearing and service to Śrīmad-Bhāgavatam steadies our family's devotion.

I am going to teach the analogies slowly, with limits in the same breath, because an analogy without a limit becomes a new false doctrine.

First: **Protected garden plot.** A small plot watered every week grows roots even when you cannot see bloom yet. Limit: Not a guaranteed bloom timetable; devotion is not horticulture. Watering is pedagogy for regularity, not proof of results.

Second: **Team practice night.** Teams improve when show-up and home drills both happen — Saturday alone is incomplete. Limit: Sports glory is not the spiritual goal; do not turn KUTUMBA into competition.

Third: **Path with a fence.** Clear is/isn't boundaries keep the path walkable for newcomers and regulars. Limit: Boundaries are not hostility; compassion stays; we do not shame families.

Hold those as teaching tools, not as replacements for ŚB 1.2.18.

Now two sourced examples, paraphrased only.

Example A — Naimiṣāraṇya assembly (ŚB Canto 1 opening). Sages gather to hear and ask about the highest duty. KUTUMBA borrows the *pattern* of protected hearing — not a claim that our living room equals Naimiṣāraṇya. Link: <https://vedabase.io/en/library/sb/1/1/>

Example B — Regular Bhāgavata hearing emphasis (ŚB 1.2.18 context). The primary verse itself teaches that steady Bhāgavata service establishes firm devotion. Paraphrase only; do not invent purport lines. Link: <https://vedabase.io/en/library/sb/1/2/18/>

Next I will walk all three household cases out loud so you can copy the pattern at home. Please listen for seven fields every time: situation, mistaken conclusion, principle, source, compassionate response, action, and what not to say.

Case 1. Situation: A family never misses Saturday 2–4, but weekdays have zero hearing, memory line, or gratitude act. Mistaken conclusion: Attendance alone equals spiritual growth. Principle and source: ŚB 1.2.18 — *nityaṁ bhāgavata-sevayā*: regularity of hearing/service, not event tourism. (<https://vedabase.io/en/library/sb/1/2/18/>) Compassionate response: Thank them for showing up. Affirm that Saturday is precious. Then invite one tiny home cue (same chair, same five minutes). Family action: Write a 5-minute if-then plan: After dinner dishes, we say the memory line once. What not to say: You're not serious. Other families are more advanced. Coming here is worthless without perfection.

Case 2. Situation: A family chants at home but withdraws from association because community feels awkward. Mistaken conclusion: Alone is always safer and more spiritual than community. Principle and source: Hearing in association (Bhāgavata and devotees) is part of the verse's seva frame; friendship supports steadiness. (<https://vedabase.io/en/library/sb/1/2/18/>) Compassionate response: Honor their home sincerity. Name one low-pressure shared moment (arrive early, sit near a friend, stay for snack only). Family action: Choose one association micro-step this month — not a full social overhaul. What not to say: You're proud / antisocial. Real devotees never feel awkward.

Case 3. Situation: A parent compares children's seriousness in front of other families. Mistaken conclusion: Ranking children produces devotion. Principle and source: KUTUMBA charter: no ranking; growth is personal and private where needed. (Program charter / privacy practice (pedagogy)) Compassionate response: Redirect privately: compare only to your own family's last week, never to another child. Family action: Each child names one personal minimum practice — no public scoreboard. What not to say: Look how advanced that child is. Shame your kid into chanting.

I will now ask the room three discovery questions. You may answer in a whisper to a partner:

- What word in today's theme (KUTUMBA / hearing / home practice) is new or unclear?
- Where have you seen the tension between 'showing up' and 'practicing at home'?
- What would a five-minute minimum version look like in your kitchen this week?

Understanding check — please be ready to say in one sentence: Protected weekly hearing plus home practice creates a path for family growth.. Name the primary: ŚB 1.2.18. Name what we are not teaching this Saturday: ranking, speculation, and the misconception "Coming to the session without home practice is enough."

Application — before you leave the shared opening, decide silently: time + place for home practice; who starts if others are tired; and the minimum version if the week is hard. Five minutes counts. Memory line plus one kind action counts.

Let me demonstrate a minimum home practice out loud so nobody leaves confused. This Saturday after dinner, or at the same chair each evening, someone says the memory line once: "Regular hearing and service to Śrīmad-Bhāgavatam steadies our family's devotion.." Then one family member paraphrases ŚB 1.2.18 in a single sentence. Then one gratitude or service act — thanking someone, offering water, putting shoes away as kindness, or a short prayer. If the house is chaotic, keep only the memory line and one kind action. That still honors this Saturday's conclusion: Protected weekly hearing plus home practice creates a path for family growth.

When we reunite at 3:10, I will not score families. I will ask for one sentence: "This week we will..." Drawings count. Whispered parent sentences count. Loud brilliance is not holier than quiet sincerity.

Likely questions you may hear from adults — rehearse these answers with me:

If someone asks, "Do we have to be perfect?" — answer: No. Minimum versions are allowed. Regularity of hearing and service matters more than dramatic intensity (ŚB 1.2.18).

If someone asks, "Can science prove this verse?" — answer: Science may help design habits and family rituals. Doctrine about cleansing the heart and steady bhakti rests on śāstra, not lab proof.

If someone asks, "What if my child resists?" — answer: No force. Shorten the practice. Parent models calmly. Offer a private support conversation — never public pressure.

If someone asks, “Is KUTUMBA a replacement for the temple?” — answer: No. It is a family growth rhythm that supports hearing, practice, and temple friendship — not a substitute institution.

If someone asks, “What if we miss a Saturday?” — answer: Return without shame. Restart the home cue. Do not invent make-up rankings or penalties.

A short word on boundaries. We do not invent quotations. We do not dump full purports into Git or into the room. We do not diagnose families medically or spiritually in public. We do not guarantee initiation, advancement, or certification. We do not claim human, temple, CPO, or publication approval. Science may help habits; it does not prove ātman or replace śāstra.

Operational covenant aloud: Saturday 2:00–4:00; snack and water only; parents onsite; private struggles stay private; no false approval labels.

Recite with me before tracks:

- Essential question: Why are we committing as a family?
- Conclusion: Protected weekly hearing plus home practice creates a path for family growth.
- Memory line: Regular hearing and service to Śrīmad-Bhāgavatam steadies our family's devotion.
- Misconception to block: Coming to the session without home practice is enough.
- Primary: ŚB 1.2.18 — <https://vedabase.io/en/library/sb/1/2/18/>

Parents: your job in the parent circle is not to perform brilliance. It is to leave with a cue, a minimum version, and a kinder sentence than the one you might have used last week. Younger and older teachers will deepen practice in age bands. We reunite at 3:10 for one family sentence: “This week we will...”

That is the heart of this Saturday's teaching. Let us practice it, not merely admire it.

Discovery questions

1. What word in today's theme (KUTUMBA / hearing / home practice) is new or unclear?
2. Where have you seen the tension between 'showing up' and 'practicing at home'?
3. What would a five-minute minimum version look like in your kitchen this week?

Understanding questions

1. State this week's conclusion in one sentence.
2. Name the primary scripture and its KUTUMBA teaching meaning in your own words.
3. What does this week *not* teach (e.g., ranking, guaranteed bloom, temple replacement)?

Application questions

1. What is our family cue (exact time + place) for home practice?
2. Who will start the practice if others are tired?
3. What is the minimum version on a hard week?

Five likely Q&A

Question	Source-based direction
Do we have to be perfect?	No. Minimum versions are allowed. Regularity of hearing and service matters more than dramatic intensity (ŚB 1.2.18).
Can science prove this verse?	Science may help design habits and family rituals. Doctrine about cleansing the heart and steady bhakti rests on śāstra, not lab proof.
What if my child resists?	No force. Shorten the practice. Parent models calmly. Offer a private support conversation — never public pressure.
Is KUTUMBA a replacement for the temple?	No. It is a family growth rhythm that supports hearing, practice, and temple friendship — not a substitute institution.
What if we miss a Saturday?	Return without shame. Restart the home cue. Do not invent make-up rankings or penalties.

Misconceptions to block

- Coming to the session without home practice is enough.
- Confusing analogy with scripture quotation
- Importing next week's full ontology early
- Ranking families or children
- Claiming science proves or disproves ātman / bhakti metaphysics
- False human, temple, CPO, or publication approval labels

What not to speculate about

- Invented quotations, purport dumps, or unverified lecture lines
- Private medical or spiritual diagnoses of families
- Guarantees of advancement, initiation, or certification
- Graphic retellings (especially Mṛgāri) or fear-based death pressure on children
- For W4: any claim that Mṛgāri is located in SB 6.x or SB 4.8

Track transition (say at ~2:28)

Parents remain in the parent circle. Younger friends go with [younger teacher]. Older students go with [older teacher]. We reunite at 3:10. We do not rank groups.

Family reunification synthesis (3:10–3:30)

Invite one sentence per family tied to the essential question:

"This week we will..."

Accept drawings or whispered parent sentences for shy children. No scoreboard.

Project contribution

Advance the cumulative project **Who Am I, and How Should Our Family Live?** using [project/CYCLE-CONTRIBUTION.md](#). This week layer must connect to ŚB 1.2.18 and this Saturday's conclusion. Store artifacts for Week 6. Non-competitive.

Home practice (5–15 minutes)

1. Say the memory line once: *Regular hearing and service to Śrīmad-Bhāgavatam steadies our family's devotion.*
2. Paraphrase ŚB 1.2.18 in one family sentence.
3. Do one gratitude or service act.
4. Minimum version if exhausted: memory line + one kind action only.

Next-week preview

Name only: **C1-W2 — I Am Not This Body**. Do not teach next week's ontology in depth this Saturday.

Do not claim

Human/temple/CPO approval; publication readiness; BBT ownership of KUTUMBA teaching meanings; science proving ātman; ranking results; guaranteed spiritual outcomes.

Misconceptions and no-speculation boundaries

- Do not invent dialogue for scriptural persons.
- Do not diagnose private karma or modes as insults in the room.
- Do not claim temple/BBT/human approval that has not been given.
- Defer off-scope questions with the standard deferral line.
