C2-W6: Integration Night: Choice, Consequence and the M

Can we explain how action, choice, and modes shape our week?

KUTUMBA original · Program Director: Swapnil Patil · human review required

Family handout / home practice

5–15 minutes · Off-week continuity

1. Say the memory line once: *Knowledge should lead to thoughtful, responsible choice under Kṛṣṇa's guidance.*
2. Continue **one** selected Cycle 2 method (choose one): before—during—after review · choice pause · bedtime remembrance · clarity reset · boundary-plus-shelter.
3. Keep one environmental change that supports the method (example: Friday device basket / earlier prep cue).
4. One gratitude or service act.
5. Minimum version if tired: memory line + one choice pause or one kind boundary only.

Standard (if energy allows): use the method three times during the off week and keep the environmental change.

Evidence: private continuity card with method, trigger, and support person — never a public scoreboard.

Saturday 2:00–4:00 remains the protected gathering; home practice is the daily/weekly cue. Next week title only: Cycle 3 begins (Who is God / BG 5.29) — no early ontology homework.

Younger printable(s)

Worksheet

Answer the four worksheet questions from the older teacher guide.

Scenarios

Stations: (1) karma/action, (2) next choice, (3) reincarnation clothing, (4) modes, (5) mājā/decorating. At each: write one sentence + one misconception to reject.

Puzzle

Chain restore: Unscramble the five primary references into calendar order and state one teaching sentence each.

Project line

Essential question: How do choice, consequence, and the modes form one coherent family practice? Write one sentence contribution.

Project contribution

Cumulative project

Cycle project for this band — week layer for C2-W6.

Essential question

Can we synthesize choice and modes?

Artifact

One family artifact answering the question; ≤20 minutes optional burden.

Primary

Cycle 2 review (BG 18.63 center) — <https://vedabase.io/en/library/bg/18/63/>

Boundaries

No ranking; no forced disclosure; distinguish paraphrase from analogy.

TEACHER-ONLY: Answer key

Teaching meaning check

Accept paraphrases that preserve: Choice, consequence, and the modes must form one coherent family practice — synthesis, not new doctrine.

Misconception to reject

Integration night means competing to sound the most advanced.

Scenario guidance

Prefer answers that are compassionate, source-bound, and specific about a next responsible action. Reject shaming, ranking, and speculation.

Puzzle

Accept any ordering/matching that keeps Cycle 2 review (BG 18.63 center) as the doctrinal center and analogies labeled as pedagogy.

TEACHER NOTE

Teacher-only section — do not distribute to families.

TEACHER-ONLY: Younger run sheet

Week: Integration Night: Choice, Consequence, and the Modes **Primary:** Cycle 2 review (BG 18.63 center) — <https://vedabase.io/en/library/bg/18/63/> **Session length:** 40 minutes (parallel track ~2:30–3:10) **Parents:** Remain onsite; reunite at 3:10 **Status:** Internal founding-cohort teaching material — human/temple review
EXTERNAL_OPEN

Objective

Children can say the memory phrase and complete one movement + one craft that reinforce this week's idea without fear or shame.

Exact memory phrase

Retrieve, repair, and choose again — without ranking.

Teacher background (2 minutes)

- **KUTUMBA teaching meaning:** Choice, consequence, and the modes must form one coherent family practice — synthesis, not new doctrine.
- **Child-facing paraphrase:** We remember five friend-ideas from Cycle 2 and practice kindness without winning trophies.
- **Block:** Integration night means competing to sound the most advanced.
- **Do not:** invent deity dialogue; force confessions; rank children; use scary imagery.

Materials

- Printed line art if available ([visuals/V12/line-art-younger.png](#))
- Crayons, tape, scissors (teacher-only for youngers)
- Soft toss object; two baskets or mats for movement game
- Card stock for memory cards
- Snack/water only after reunification (no weekly meal)

Minute-by-minute plan

0–5 Opening

6. Welcome by name; feet on floor.
7. Echo memory phrase three times with clap rhythm.
8. Show one picture cue for the week: Five paper beads on a string labeled with simple C2 words..

5–13 Story script (~8 minutes)

Say this spine (paraphrase only; do not invent dialogue):

This cycle we learned: actions have fruits; the next choice matters; the body is like clothes; moods can color our day; and seeking Kṛṣṇa matters more than only decorating temporary things. Tonight we string those ideas like beads. No one is better than another. We help each other remember.

Wonder questions

9. Which bead do you remember?
10. How can we help a friend remember?

11. What is one kind choice tonight?

13–20 Movement game — Bead walk

Steps:

12. Five floor spots for C2 ideas.
13. Children walk gently to a called bead and say a child-friendly word.
14. Freeze and say memory phrase.
15. Freeze cue: hands on heart; repeat memory phrase.

20–32 Craft — Retrieval bracelet

Steps:

16. String five paper beads.
17. Draw one symbol per bead.
18. Add a tag: 'No ranking — only remembering.'
19. Write or sticker the memory phrase on the craft.

32–38 Printable / quiet task

Children color the week line art and circle one home place where they will remember the phrase.

38–40 Cleanup / parent handoff

Clean mats; show craft to parent; one sentence: "Our phrase is: Retrieve, repair, and choose again — without ranking.."

Behavior redirects

20. Calm reminder → 2. Offer choice (sit spot / helper job) → 3. Quiet reset visible to parents → 4. Parent involvement. Never shame, yell, or force chanting.

Backup (if energy crashes)

Soft toss while answering: "One kind next step at home is ____."

Materials checklist / cleanup

Bag crayons; wipe table; leave host space cleaner; return line-art masters to teacher folder.

Objective

Students observe the primary text layer, complete a worksheet and scenario set, and contribute one project sentence answering: How do choice, consequence, and the modes form one coherent family practice?

Primary text observation

21. Read IAST aloud once: BG 3.9 · BG 18.63 · BG 2.22 · BG 14.5 · BG 7.14
22. Students underline two words that seem important.
23. State KUTUMBA teaching meaning in full: Choice, consequence, and the modes must form one coherent family practice — synthesis, not new doctrine.
24. Label clearly: KUTUMBA teaching meaning — not BBT translation.

Worksheet questions

25. In your words, what does Cycle 2 review (BG 18.63 center) teach this week?
26. What mistaken idea does this week block? (Integration night means competing to sound the most advanced.)
27. Name one home situation where this teaching changes a next step.
28. What is still confusing? (honest question OK)

Scenario cards (read—choose—explain)

Stations: (1) karma/action, (2) next choice, (3) reincarnation clothing, (4) modes, (5) māyā/decorating. At each: write one sentence + one misconception to reject.

Puzzle / game — Chain restore

Unscramble the five primary references into calendar order and state one teaching sentence each.

Diagram task

Sketch a simple map of this week's idea using boxes/arrows. Label scripture vs analogy if both appear.

Project contribution

Add one sentence to the cycle project answering the essential question. Keep ≤5 minutes.

Reflection

Write: “This week I will practice ____ when ____.”

Extension (optional)

Compare one supporting reference from the facilitator guide with the primary — what does it add, and what limit remains?
